The distillery of Cochrane, Hughes & Co.,  
near Chicago, has been seized, and warrants  
for parties issued on a charge of defrauding  
the Government. They were caught last night  
removing unstamped barrels of whiskey from  
their establishment, and have left to avoid ar-  
rest. Supervisor Matthews and Collector Web-  
ster have for some time been suspicious that  
Cochrane was stealing, and had received  
through their agents evidence that produced in  
their minds a high degree of moral certainty in  
relation to the matter. Meanwhile the house  
was closely watched day and night by faithful  
Revenue agents, and the officials at Chi-  
cago advised the Department yesterday that  
the parties were caught in the act of with-  
drawing spirits unlawfully from the distillery.

Congressman Kerr has written a letter to a  
gentleman in this city, stating that there is not  
the slightest ground for the statement that  
when Congress meets, he would resign his  
claim for the Speakership of the House of  
Representatives with the view to increase the  
strength of Governor Hendricks for the Presi-  
dential nomination. He says Hendricks does  
not need and would not accept of his service.  
Kerr says he is a candidate in good faith and  
has no idea of withdrawing from the contest.  
E. F. Smith, Commissioner of Indian Affairs,  
left today for Nebraska, and will go thence to  
Massachusetts, where he has an invalid wife.  
It was reported to-day that he would not re-  
turn until the new Secretary was appointed,  
and would not accept of his service in the  
interim. Missionary workers are to be sent  
among all the Indian tribes.

The case will come to trial November 4.

The Post has been informed that the Hay-  
den Government has carried out the terms of  
the protocol, signed a few weeks ago, in regard  
to the withdrawal of gold from the Bank of  
France, and also reports that some gold has  
been received here by express from California.

The Evening Post, in its financial column,  
says, we hear that "some stock speculators  
who have bought gold within a few weeks on  
speculation that Allen will be elected Governor  
of Ohio next Tuesday, on the inflation plat-  
form, are now selling it at a loss." The fear  
of the success of inflation induced some pur-  
chases of gold, but the main reason for high  
prices was the expectation that the gold would  
be particularly in this market. Every com-  
mercial reason is in favor of low premium,  
as the country has not had so much to ex-  
port for many years as now.

The Panama of the "Siege of Paris," pro-

cident of the siege is portrayed, and full-sized

accompany the picture, which is three hundred

brought him a sentence of thirty days.

The last of the bodies, about which so much

of the Ohio Medical College this morning by  
the party who took from its resting place.  
The authorities of the cemetery are now in  
consultation with the medical men for the pur-  
pose of procuring it for reinterment. They  
have failed to get the matter up with great energy  
and deserve much credit.
